A little about us...

We endeavour to use local, seasonal and ethically-produced ingredients whenever possible. We favour suppliers who are eco friendly and we try and recycle as much as much of our own waste as possible.

About the cooking, we specialise in making our own artisan pork products which are mostly made from free-range, rare breed pigs from Sunnyside Farm in Dumfriesshire. Our beef products are mostly made from 28 day matured pedigree Aberdeen Angus from Linburn Farm in Erskine.
